

## The Park Is Open!

Stop by for a spring walk! We look forward to seeing you at our first activities of the season: **Yoga in the Park** on Saturday June 1st and our first Summer Performance Series event "**Summer Rain**" on Sunday, June 9th.

## Announcing CAP Super Saturdays

CAP Super Saturdays is Caponi Art Park's newest family-friendly program held on six Saturday mornings June - September.

At each event professional artists will have participants up and moving to the music, learning new dances and creatively engaging in art activities and exploring the art and nature in the park. A healthy snack

will be provided and families will be encouraged to bring a picnic lunch and get to know their neighbors over a meal.

Learn more about the program line up on our [website](http://www.caponiartpark.org).

Thank you Blue Cross Blue Shield of Minnesota for making this activity possible!

## Labyrinth Installation in Progress

We are hard at work installing the new and improved labyrinth; using stones to replace the white painted lines from last year. We are excited to see the finished product! Follow us on Facebook for updates on its progress.

Check this article from the [Smithsonian](#) to learn more about the history of labyrinths and why you should come to the park and check it out.

## 2019 Season

In case you missed it, check out this great article about our summer line up and mark your calendars. It is going to be a good one!
