Caponi Art Park: Before & After

Did you know the park’s founder purchased the land which is now Caponi Art Park in 1949? A lot has changed in 72 years! In celebration of our 30th anniversary we will be sharing before and after images of the art park’s growth in our upcoming newsletters. Enjoy a little snippet of the park’s history! Our before and after this month is the cement bench along the parking lot by the studio. You can see more images of its construction by following this link.
