

Caponi Art Park

Support Art In Nature

This is your opportunity to be a partner in bringing our community together through the joy of art, nature, and shared creative experiences.

Caponi Art Park in Eagan, Minnesota, is a 60-acre landscape where art, nature, and community meet. The park invites visitors to explore sculpture trails, engage in creative programs, and experience the arts in a welcoming natural setting.

Miles of Trails

Trails wind throughout the park's 60 acres. Walking the trails is the best way to experience this urban oasis. Tours for groups, and the general public, are available upon request.

Sculpture Garden

The land is a work of art in itself with earthworks and sculptures waiting to be discovered along the wooded trails.

Theatre in the Woods

A unique setting for performances nestled in the park's hilly landscape and surrounded by mature oak trees.

Performances and Events

We have another exciting season of new and returning performances and events planned for 2026.

Tours and Year Round Workshops

We offer a wide range of programs for people of all ages, abilities and interests.

We can also bring the park to you with Caponi on the Road and Community Education Classes.
