

Plan For An Exciting Season

Once the Snow is Gone

The park usually opens the first of May but last week's historic snow and continued cold temperatures is setting us back at least two weeks. Updates will be posted on Facebook, Instagram, and Twitter -- or look for the open gate!

Here's What's Coming

You asked for *more* music and good eats and we're bringing it!

Bluegrass and Beer is now *'Round the Bend Music+Beer* with more variety: bluegrass to blues, jazz to folk rock. Come for a bite from the taco truck or taste Asian fusion while you enjoy Eagan's own craft-brewed beer from Bald Man Brewing.

You loved our *Summer Performance Series* and we've got *more of that too!*

Come enjoy Bollywood Dance Scene, The Copper

Street Brass Band, Batucada Do Norte and the return of Cromulent Shakespeare Company.

Watch Out for Hot Art!

Our popular community iron pour and mold-making workshops will stretch your creativity and imagination.

Our reimagined *workshops* and guided *group tours* can be enjoyed by all ages.

Returning guests will discover new content and children can still touch everything! The "Art Unframed" in our natural setting is the basis for exploring ideas, learning to create your own works, and understanding how our sculptures fit into the context of world art history.

In the Works

We'll be introducing a new interactive way to experience the park with our own mobile digital guidebook and we'll be unveiling a new sculpture later in the summer.

Caponi Art Park is a fun and affordable fit for summer activity!

It's free to visit the park. Performance tickets are \$5 to \$15 and FREE for children under 12.

Please consider helping us care for this community treasure and assure all families and school children can participate in high quality programming.

Caponi Art Park was founded to serve the community and nurture interaction with art and nature. Any gift is deeply appreciated and helps us keep this resource open and accessible, and allows us to maximize its potential for education and community engagement. It helps assure we can bring talented artists, entertainers, and educators to the park, and keep community participation affordable. Your gift can be made [online](#).
